Payments (1) Filter

Payments

Payment Method	Status	Sort Order	
PayMaster	Disabled		Install Edit Delete

3. In the editing form that opens, fill in the module settings:

- Copy **Token** and **Merchant ID** values from the PayMaster Merchant's Personal Account;
- Select **Order status after payment**;
- Switch **Status** to "Enabled";
- Click "Save" button.

The screenshot displays the OpenCart admin dashboard with the PayMaster extension settings page. The left sidebar contains a navigation menu with options like Dashboard, Catalog, Extensions, Marketplace, Installer, Modifications, Events, Design, Sales, Customers, Marketing, System, and Reports. The main content area is titled 'PayMaster' and shows the 'Edit PayMaster extension' form. The form includes fields for Status (set to 'Enabled'), Base service address (https://psp.paymaster24.com), Token (a long alphanumeric string), Merchant ID (d616c6a1-39a0-4ddb-b110-96b44882505d), Payment service name (PayMaster (bank cards, electronic money and more)), Order status after payment (Paid), Display region (All Zones), Logging (Disabled), and Sort Order (1). A 'Save' button is located at the top right of the form.
